

Pure Prepared Paint

Is a Perfect Paint

And is unsurpassed for durability. Properly used it will retain its brilliant finish longer and wear infinitely better than Lead and Oil imperfectly mixed by hand.

The expense of applying is about twice the cost of the paint. It requires no argument to convince intelligent property owners that it is true economy to use the Purest Paint. Considering its ease of application and other superior qualities, it costs less to apply Pure Prepared Paint than it does to apply cheap, adulterated paint that will not cover and that will fade, lose its gloss and crumble off in a short time.

We Guarantee Pure Prepared Paint to be composed of Pure White Lead, Pure Oxide of Zinc and Pure Linseed Oil and Coloring Pigments, and to contain no adulterant.

FRANCA GOES SCOTT FREE

Lawyers Work Overtime—John Ena Wins.

A. F. Franca, the saloon man, who was charged with having sold liquor at his house in Nuuanu Valley, known familiarly as the "Half-Way House" without having a license to do so, was acquitted by a jury late yesterday afternoon.

The trial of Franca brought out a myriad of objections from both attorneys. During the hearing of the testimony of one Fisher, a witness for the prosecution, Attorney Dunne for the defense endeavored to tangle him up. Fisher said that he and two sailors had made up their minds to "go up the valley." They met Captain Harry Flint on Nuuanu street and all four hired a hack to take them up. Flint was left at the brickyard. They went into Franca's place, and one of the sailors handed Franca a half dollar for which they received a couple of bottles of beer. Fisher says he also bought a bottle of beer for the hack driver. Shortly after this the door was opened and Captain Flint entered and placed Franca under arrest.

Fisher said that Flint asked Franca if he had received any money and that the defendant took out a half dollar and turned it over to Flint. The half dollar was claimed by the prosecution to have been marked. On the way down town Franca is said to have remarked: "You caught me this time but you won't get me again."

The attorneys haggled over testimony alleged to have been offered by Police Captain Flint in the police court. Mr. Prosser for the government said no testimony had so been offered, and the best evidence was the record of the police court, which he offered. Mr. Dunne then remarked:

"Who is the stenographer in the police court?"

This caused a smile, as it is well known that the one principal thing lacking in the police court is a stenographer. "The idea of filing that thing," said Mr. Dunne pointing to the police record, "that doesn't contain a full record and can't be called a record."

BAIL TOO HIGH.

Heavy fines imposed on various defendants in Judge Gear's court yesterday morning brought out a chorus of protests from their attorneys. The sum of \$2,000 was mentioned as the amount under which one of Bittling's che fa clients was to be held. Judge Gear called attention to the law on the subject which had guided him in fixing the bail. Attorney Watson felt also that it was piling it on too heavily to ask his client to put up a \$2000 or \$1000 bond. Relief came when Deputy Attorney General Prosser suggested that \$500 for each client would satisfy his department.

THE WORRIED WOMEN.

"They say men must work and women must weep; but alas, in this too busy world women often have to work and weep at the same time. Their holidays are too few and their work heavy and monotonous. It makes them nervous and irritable. The depressed and worried woman loses her appetite and grows thin and feeble. Once in a while she has spells of palpitation and has to lie up for a day or two. If some disease like influenza or malarial fever happens to prevail she is almost certain to have an attack of it, and that often paves the way for chronic troubles of the throat, lungs and other organs; and there is no saying what the end may be. Let the tired and overladen woman rest as much as possible; and, above all, place at her command a bottle of WAMPOLE'S PREPARATION

a true and sure remedy for the ills and maladies of women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Search the world over and you will find nothing to equal it. Taken before meals it improves the nutritive value of ordinary foods by making them easier to assimilate, and has carried hope and good cheer into thousands of homes. It is absolutely reliable and effective in Nervous Dyspepsia, Impaired Nutrition, Low Vitality, Wasting Conditions, Melancholy, Chlorosis, Scrofula, and all troubles of the Throat and Lungs. Dr. E. J. Boyes says: "I have found it a preparation of great merit. In a recent case a patient gained nearly twenty pounds in two months' treatment, in which it was the principal remedial agent." It carries the guarantee of reliability and cannot fail or disappoint you. At chemists.

FUNERAL OF THE LATE CAPT. CAMERON WILL OCCUR TODAY

THE LATE CAPTAIN CAMERON.

The funeral of the late Captain Cameron will take place this afternoon at three o'clock from the family home at 477 Beretania street. Interment will be in Nuuanu cemetery. Yesterday the

His Honor was satisfied and evidently the attorneys felt relieved.

YESTERDAY'S INDICTMENTS.

The following indictments were transferred yesterday from the secret to the open file, the defendants having all been arrested:

Territory vs. Makamoto, selling liquor without a license.

Joe Capernio Haniela, robbery in the second degree.

Matsamuda, heedless driving.

Pang Kau, assault and battery.

Akana, Akeona and Hamada, separate cases, having che fa tickets in possession.

JOHN ENA WINS.

The jury in the damage suit of John Ena vs. Honolulu Investment Co., rendered a directed verdict yesterday to Judge Robinson in favor of the plaintiff as follows: Damages, \$435; interest, \$8.05; costs, \$9.85; total, \$492.90.

MORE TROUBLE FOR BECKY.

Judge Gear yesterday appointed E. A. Douthitt as master in investigating the final accounts of J. Alfred Magoon, as guardian of the estate of Rebecca Panee Humeku.

DISTRESS AMONG LAWYERS.

Judge Gear's penchant for going without his lunch in order to whet up his appetite for dinner is again causing distress among attorneys, court attendants and witnesses. Yesterday, after a jury took recess for the noontide, the Judge called a number of cases and partially tried one. The clerk finally had to call in a substitute in order that he might succor the inner man before the afternoon session, while the bailiff and others patronized a Japanese push-cart in which buns are peddled. However, the Judge clears up his calendar to some extent by working overtime, indicating that under the circumstances there is good in evil.

COURT NOTES.

Stipulation between opposing attorneys in the case of W. O. Smith, trustee, vs. Pacific Heights Railway Co., gives respondent, Sister Albertina (also known as Ellen Polyblank) as trustee for Stella G. Cockett, five days from September 20 in which to answer.

Fukuda, found guilty in the Circuit Court of receiving stolen goods, was sentenced to imprisonment for two days and to pay a fine of \$250.

Attorneys for both parties in the action of Emmeluth & Co. vs. Kapiolani Estate, Ltd., have filed a stipulation waiving a jury and agreeing to a trial on October 22, 1904.

The attorneys in the case of J. Freitas vs. D. Kawanakoa and Jonah Kalainanalo have filed a stipulation wherein the defendants may have until October 10 in which to present their bill of exceptions.

Defendant in the action of R. C. A. Peterson vs. R. N. Halstead has filed a denial to plaintiff's declaration.

I. Rubenstein of the firm of that name, has filed an approved bond in the sum of \$2000 with Cecil Brown as surety in the action brought by Rubenstein vs. S. Lockfield & Co., to enjoin the latter from disposing of or dealing in a certain brand of tobacco.

QUITE NATURAL.

Overheard during the private theatricals:

She—How well your wife plays Lady Geraldine, Mr. Jones! I think the way she puts on that awful affected tone is just splendid. How does she manage it?

Mr. Jones (with embarrassment)—Er—she doesn't. That's her natural voice. —London Tit-Bits.

WHITE LABOR FOR COLONIAL CANEFIELDS

Dr. Maxwell, Director of Sugar Experimental Stations, has returned to Brisbane from a visit to the Mackay and Prosperine districts. He found the work at the experimental stations progressing satisfactorily. The Prosperine district would, he thought, this year take off the largest crop ever produced in that locality. Speaking of the Mackay district, Dr. Maxwell said that the cane was getting richer week by week. Cold nights and hot sunny days were having an excellent effect on it. He thought that the quality of the cane covering the whole of the season in that district would be higher than was estimated six weeks ago. Speaking on the white labor question he said he was quite sure that if the inducement to grow cane by white labor offered by the Federal rebates was maintained the Mackay district would still further increase its production solely by the use of white labor, but this did not apply to localities north of Mackay.—Austrian Paper.

NOTHING LIKE EXPERIENCE.—"One truth learned by actual experience does more good than ten experiences one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. KUHIO PLEASED WITH BIG ISLAND PROSPECT

Prince Kuhio returned on the Mauna Loa yesterday from Hawaii, pleased with the results of his first campaign tour. The delegate believes that he has the backing of Hawaii in the coming campaign and hopes to roll up a big Republican majority.

Referring to Kalapana, a former stronghold of Home Ruleism, the Prince states that it looks as if a Republican majority would come from that place. Throughout the Kona districts there is a growing Republican spirit.

The delegate will speak at the mass meeting on Saturday night. He will afterwards tour the outer precincts on this island and then go to Kauai, afterwards stumping Maui.

Struck by Car.

A Korean employed on the Oahu Sugar Company's Waipahu plantation was killed Monday afternoon. He was walking along a high trestle on the line of the plantation railway when a car got loose and struck him, hurling him off the trestle. Death resulted instantaneously. A coroner's jury was summoned and rendered a verdict of accidental death.
